SARASIN

SARASIN ASSET MANAGEMENT LIMITED ('SAM')

Sarasin Asset Management is the SEC registered subsidiary of London-based, Sarasin & Partners. The firm specializes in managing concentrated Global Thematic portfolios with ESG and Stewardship embedded within the investment process.

We have established a New York office to bring our 30+ years of responsible investing to the North American institutional markets.

SARASIN & PARTNERS LLP

Sarasin & Partners are a London-based asset management group, managing $16.0 billion (as at 03.31.20) on behalf of our clients – charities, institutions, intermediaries, pension funds and private clients, based both in the UK and around the world. Our company is known as a market leader in thematic investment, and as a specialist in long-term income and dividend management across multi-asset and equity mandates.

THE FOUNDATIONS OF OUR GLOBAL INVESTMENT PHILOSOPHY

Thematic – We identify themes and sub-themes that are shaping the investment landscape and society looking forward

Stewardship – Our approach fully embeds ESG considerations in the evaluation of each stock when assessing its financial prospects

Active – We believe markets are not wholly efficient and believe in concentrated, high-conviction portfolio management

Active Ownership – We take a responsible ownership approach to the investments we make and believe we must participate in the effective governance of the companies our clients own.

Partnership with our Clients & their Consultants – We enable many of our clients to further incorporate their mission within their portfolio. We can customize screens and have clients/consultants work side-by-side with us on specific engagements.

"We see our clients' interests much more holistically. There is no good in us beating a benchmark if the companies in that benchmark are destroying the planet. We must engage."
